

Healthy Pets 4 Life Cat packages
Peace of mind for life!

All the routine health care they need
PLUS more.

Questions?

You will very likely find that your cat will end up doing something that you are completely mystified by. That's OK! If you ever have questions about your cat's development or behaviour or any general concerns, you are more than welcome to call, email, or use our App, to ask us.

There is no such thing as a silly question, especially when asking about a loved cat!

Because we care

Good on you for being proactive in the care of your pet. We know that this is a great package to give you peace of mind and much pleasure with your precious cat.

At Busselton Vet Hospital, we believe we have a duty to encourage and strengthen the human-animal bond between pets and their owners so they can enjoy a close, long and loving relationship to the benefit of all.

There is a plan for every pussy cat no matter their age or state of health.
 The **Essential** plan is perfect for younger healthy cats.
 The **Complete** plan for when they are a little older or have more needs.
 The **Ultimate** plan is the top level and covers all the bases no matter their age.

This is a yearly contract. If you wish to withdraw from the care plan within 12 months of joining, then the services you have used will be calculated and you will be responsible for any shortfall between the remaining payments or the full retail value of the services used, less payments already made (whichever is less). All benefits will expire after 12 months in any event.

Not to be used in conjunction with any other offer or promotion. Conditions and benefits may change without notice.

There is a waiting period for some benefits on the monthly payment plans — ask staff for details.

*Excluding out of hours visits and re-examination consultations are charged on follow up visits.
